

Cut

Heat

Medium Duty

## Extreme comfort & protection in high cut risk applications for increased compliance and an uninterrupted workday

- INTERCEPT™ Cut Resistant Technology provides high levels of protection against lacerations.
- Lightest weight design for comfort & dexterity, supporting worker use compliance.
- Exclusive dirt masking design & high abrasion resistance delivers longer product use life.
- Suitable for use across a wide range of applications and risks; avoiding the need to change gloves when transitioning between tasks.
- Intermittent handling of hot work items up to 212 F.

### Industries

- Automotive
- Machinery and Equipment
- Metal fabrication

### Applications

- Press shop operations
- Handling metal sheets & panels
- Handling parts with sharp, rough edges
- Handling structural and body components
- Metalworking & assembly operations
- Assembling and mounting components
- Adjusting systems and screwing
- Changing tools and dies
- Cutting glasses, sheets, panels
- Fastening components, parts

### Key Features

- High Cut Resistance
- High dexterity
- High comfort & lightweight
- Dirt masking design for extended use life
- EN407 Contact heat protection Level 1
- Fiberglass free
- Natural rubber latex free
- Silicone Free
